Affordable Health Coverage is Available

Health Care Coverage is Required

Most Californians will be required to have health care coverage or pay a fee.

- If you already have health care coverage, you're set, but you will need to renew every year.
- In 2014, not having insurance will cost you \$95 per adult or 1 percent of your annual income – whichever is greater. In 2015, the fee will increase to \$325 per adult or 2 percent of your annual income – again whichever is greater.
- Not everyone will be required to have health care coverage. Some exemptions exist. Find out more at <http://www.CoveredCA.com/faqs/Tax-Penalty/#102>
